Performance of Verification Procedures by Ernst and Young Incorporated for incentive schemes

Your attention is drawn to the appointment of Ernst and Young Incorporated by **the dti**, an audit firm that will perform verification procedures on the various incentive schemes managed by the Industrial Development; Incentive Administration Division (IDIAD).

This will entail Ernst and Young conducting on-site verification procedures at the incentive applicant's premises, in order to finalise a factual findings report for **the dti**. Should you be contacted by Ernst and Young, please render your support by preparing for the visit, that is, making available for inspection all relevant financial, employment, asset and operational records, and physical assets etc. pertaining to an incentive application and/or claim.

Issued by the Industrial Development; Incentive Administration Division
