You are invited to participate in the
2020 SOUTH AFRICA FACTORY OF THE YEAR COMPETITION

WHAT IS FACTORY OF THE YEAR?
• Factory of the Year is a global annual benchmarking competition that has been running for over 25 years and is recognised as the toughest benchmarking test for companies in the production arena
• The competition has benchmarks and best practices from factories across all industries and over 30 countries

HOW WILL YOU BENEFIT?
• You will receive a detailed, individualised feedback report with insights into how you compare relative to your competitors, along with a summary of your strengths and improvement potential
• Over 2,000 factories have used this impartial, cross-industry benchmarking contest to determine their position relative to competitors locally and best-in-class globally

WHAT DO PREVIOUS WINNERS SAY?
• “Participating companies receive a perfect assessment of their position in comparison to the best in each category”
  - Dr. Günter Blaschke, Head of the Board, Rational AG
• “The feedback has been very valuable as it provides a very clear picture of where your company stands against international competition”
  - Johann Lang, Plant Manager, Delphi Deutschland, Neumarkt
• “The reward is a recognition for our employees, their team work and performance”
  - Dr. Thorsten Hartmann, Head of Order Fulfilment, Festool, Neideningen
