### Disclaimer:

This guidelines document provides the criteria to assess proposals from potential film and television projects and the process of applying for the incentive. The guidelines are approved and issued by the Minister of Trade and Industry for the purpose of ensuring clarity on the aim and requirements of the incentives programme. The dti reserves the right to amend the guidelines as it deems appropriate.
1. OVERVIEW

1.1 The Department of Trade and Industry (the dti) has initiated and is carrying out the South African Emerging Black Filmmakers Incentive, a sub-programme of the South African Film and Television Production and Co-production Incentive. The incentive is developmental funding aimed at supporting new entrants in the film industry to capacitate them to take on big productions.

1.2 The South African Government takes cognisance of the significant contribution the film industry potentially has in stimulating the country’s economic growth, job creation and its role in facilitating dialogue for nation building.

1.3 As part of a process of continued promotion of the generation of local content through broadening access and participation in the economy, a new robust programme is thus provided in pursuit of promoting economic transformation of the film industry.

1.4 I hereby extend an invitation to prospective emerging black filmmakers in the industry to make use of this facility and to support the South African Government in realising its goals of growth, employment and equity.

Dr Rob Davies, MP
Minister of Trade and Industry
Date:
2. **PREAMBLE**

2.1 The purpose of this document is to provide guidelines for the South African Emerging Black Filmmakers Incentive.

2.2 The guidelines set out in this document are intended to enable enterprises to present their applications to the dti, and provide a framework for the dti to evaluate such applications. Approvals will only be considered for those projects that meet the strategic objectives of the South African Emerging Black Filmmakers Incentive as interpreted by these guidelines and remain in the sole discretion of the dti. To qualify for the incentive, applicants have to receive approval from the dti and any such decision will be final.

2.3 The programme guidelines for the South African Emerging Black Filmmakers Incentive may be amended, as deemed necessary by the dti. These amendments will be published on the dti website and will be of immediate effect upon publication.

2.4 Where the guidelines lend themselves to varying interpretations or do not deal with specific subject matter, the interpretation of the dti must be requested and such interpretation will be decisive and final. A new version of the guidelines may, from time to time, be published on the dti website.

2.5 Approval of applications will be subject to compliance with the incentive guidelines, the relevant provisions of the Public Finance Management Act (PFMA) and, more specifically, the availability of funds.

3. **DESCRIPTION OF SOUTH AFRICAN EMERGING BLACK FILMMAKERS INCENTIVE**

3.1 The South African Government offers a package of incentives to promote its film and television production industry. 3.2 The South African Black Filmmakers Incentive is available to South African local Black-owned qualifying productions with a total production budget of R1 million and above\(^1\).

3.3 The objective of South African Black Filmmakers Incentive is to nurture and capacitate emerging black filmmakers to take up big productions and contribute towards employment opportunities.

3.4 The South African Emerging Black Filmmakers Incentive provides financial assistance to a qualifying applicant in the form of a rebate of up to 50% for the first R6 million of the Qualifying South African Production Expenditure (QSAPE) and 25% thereafter. No cap is applicable for this rebate.

\(^1\) There is a separate programme guideline document for the South African Film and Television and Co-Production incentive targeted at attracting South African production and official treaty co-production with total production budgets of R2.5 million and above.

11.1 Total Production Expenditure (TPE)

A film or television production’s total production expenditure is that incurred or reasonably attributable to the making of the film from pre-production to the point at which the first copy of the film is ready to be distributed, broadcast or exhibited to the general public.

- Grant funding from any national, provincial and local government and its entities
- Other

12. INTERACTION OF THIS REBATE WITH OTHER SOURCES OF FUNDING

12.1 Any other South African incentives, training or internship funding specific to this project may be claimed but must be deducted from the gross QSAPE before calculation of the incentive. An exception is applicable for SETA funds, which may be received after the final application or payment of the rebate.

12.2 A project that receives funding from any national, provincial and local government and its agencies is eligible to apply for the rebate.

12.3 A project of private investors that is eligible for tax benefits under section 12 (o) of the Income Tax Act No. 58 of 1962 is eligible to apply for the rebate.

12.4 Total funding contribution from state institutions (national, provincial, local government and state-funded agencies) including the dti, may not exceed 80% of the budget of the project.
12.5 An applicant must supply information on the intended and actual source of funding per the attachments required to Forms A and D in Schedule A.

13. TREATMENT OF EXPENDITURE

13.1 Value Added Tax (VAT)

All amounts set out in this document and those provided in applications must be net of VAT.

13.2 Currency exchange

All QSAPE will be incurred in South African Rand. All other production expenditure incurred in foreign currencies must be reported in South African Rand using the budgeted exchange rate on the audited expenditure statement.

13.3 Arm’s length expenditure

The arm’s length principle is to ensure that amounts charged between the applicant company and any connected parties for the provision of goods or services are commercially reasonable.

Where the applicant incurs expenditure under a non-arm’s length arrangement, which inflates or deflates the cost of particular goods or services in relation to the film production, a rate no greater than the commercial rate for those goods or services will be counted towards QSAPE and TPE.

The commercial rate will be taken to be the amount that would have been incurred if the parties were dealing at arm’s length with each other, charging what they would ordinarily to an unrelated party. If a lesser rate is charged, that rate must be claimed.

The arm’s length principle applies to any act or transaction directly or indirectly connected with any expenditure incurred by the applicant – that is, the principle still applies if a non-arm’s length deal between other parties otherwise inflates the expenditure of particular goods or services purchased by the applicant.

13.4 Basis of expenditure

To be included as QSAPE, an expenditure item must have actually been incurred on the making of the specific film production for which the application is made. In addition, the applicant must have actually discharged its liability to pay at the time of application for the incentive.

13.5 Expenditure by prior companies
Eligibility for the incentive extends to an applicant who takes over the film production from another company (or companies) and completes the film production. The applicant is taken to have incurred the production expenditure of the previous company (or companies) for the purposes of the incentive.

Any costs incurred by the applicant in the takeover of the project are excluded from its calculation of QSAPE.

Documentary evidence of this expenditure to verify that it qualifies as QSAPE must be provided.

13.6 **Purchase and sale of goods**

Where an applicant purchases any goods for use in a film production and sells or disposes of those goods on the completion of the production, only the net cost of those items can be claimed as TPE or QSAPE.

In the event of the applicant or an associated party retaining any goods purchased beyond the completion of the film, an independent valuation must be made of those goods and that valuation must be deducted from the value of QSAPE for the purpose of calculating the incentive.

14. **REBATE CALCULATION**

14.1 The rebate is calculated as 50% for the first R6 million of the QSAPE and 25% for the remainder.

14.2 No cap will apply for this rebate.

15. **APPLICATION PROCESS**

15.1 **Application for provisional approval – Form A**

16. **REBATE DISBURSEMENT**

- The rebate is disbursed on completion date of the production or may be paid after reaching certain milestones.
- Applicants wishing to make use of the milestone payment method must acquire a completion bond. As this might be costly for the smaller producers, where the cost of a completion bond could be as much as R300,000 the following will apply:
  - 70% of the cost of the completion bond will be subsidised for productions between R1 million and R6 million;
  - 50% of the cost of the completion bond will be subsidised for productions between R6 million and R10 million; and
  - Productions over R10 million are usually required by financiers to have a completion bond in place and therefore no additional subsidy will be granted.
Disbursements according to milestones will be carried out as follows:

APPENDIX B: SCHEDULE FOR INCENTIVE PROGRAMME

1. DEFINITIONS

The definitions contained in the incentive guidelines apply. In addition:

1.1. “The Beneficiary” means the legal or natural person that was approved by the dti for incentives and, where the payment is ceded to a service provider, also refers to the service provider.

1.2. “Business Project” or “Project” means the business operated by the beneficiary and that was approved for the incentive.

1.3. “the dti” refers to the Department of Trade and Industry, care of the Incentive Development and Administration Division, Block A, 77 Meintjies Street, Sunnyside, Pretoria; Private Bag X84, Pretoria, 0001.

2. NATURE OF THE INCENTIVES

2.1. the dti and the beneficiary do not enter into a partnership, agency or shareholding agreement or other representation because of the approval of an incentive application or claim.

2.2. The beneficiary has no authority to bind or attempt to bind the dti, in any manner, or to assume or incur any obligation or responsibility, expressed or implied on behalf of or in the name of the dti.

3. INCENTIVE GUIDELINES AND ECONOMIC POLICIES OF the dti

The incentive guidelines and/or this schedule may be amended from time to time. Amendments to the guidelines and/or this schedule will be published on the dti website and be effective immediately. Beneficiaries whose applications have already been approved will only be affected by retrospective amendments if it is not prejudicial to them or the dti.

Where the beneficiary is of the opinion that a word or sentence in the guidelines or this schedule is vague and/or has to be interpreted, the beneficiary must not make its own interpretation. the dti has the right, in its sole discretion, to provide interpretations on the meaning and intention of such words or sentences. Such decisions are binding on all beneficiaries.

The beneficiary is required to familiarise itself with the economic policies of the dti. Any failure to conduct its business in line with such policies may result in the beneficiary being regarded as having contravened the terms of this schedule. Specifically, the beneficiary is reminded of the dti’s competition and consumer laws, BEE policy, as well as the dti’s efforts to phase out import parity pricing in favour of non-discriminatory pricing and the efforts to promote downstream beneficiation. Should the beneficiary not be in compliance with these policies, it shall be expected of the beneficiary to submit with its claims an adopted business plan indicating how it is striving to become compliant.
4. APPROVAL OF THE INCENTIVE APPLICATION AND SUBMISSION OF CLAIMS

4.1. The approval set out in the letter of approval is only relevant to the specific business project that applied. A business project, activity or expenditure can only qualify once for an incentive (unless the incentive guidelines state different). A business project will be disqualified if it contravenes this clause.

4.2. No representation, communication (including official the dti letters), or offer made prior to the approval of the application/claim shall be valid in so far as it does not agree with the letter of approval, or the requirements of the claim.

4.3. No information may be submitted with the claim on any, or part of any, project other than the business project that has been approved.

4.4. The calculation method of the maximum incentive approved, replaces any calculation method explained in the incentive guidelines and shall be final. The approved maximum amount is fixed and shall not be adjusted due to changes in macroeconomic variables like inflation; exchange; or interest rate etc.

4.5. The beneficiary is not automatically entitled to the full amount of the maximum incentive offered. the dti further reserves the right to correct any calculation error at any stage before or after approval/payment. A further calculation will be made based on the figures set out in the claim form. This calculation may result in an amount that is less than the maximum amount, but can never be more than the offered maximum amount.

5. AMENDMENTS TO THE INFORMATION SUBMITTED BY THE BUSINESS PROJECT

Any change (including amendment, addition or variation) in the information set out in the application that is relevant to the approved incentives must immediately be communicated to the dti in writing. This includes, but is not limited to, changing an approved service provider and changes to time frames.

The beneficiary must request written approval from the dti that the planned changes do not affect the incentive in a manner that is unacceptable to the dti, before the planned changes take place. The decision to amend the information submitted for the incentive shall be solely in the discretion of the dti and is final.

the dti may accept or refuse to make the change applicable to the approval; or may accept the change as part of the approval, but make the approval subject to (additional/other) conditions; or may reject the whole application or claim based on the planned changes. The application or claim shall be rejected where, among others, the beneficiary will no longer qualify for the incentive because of the planned changes.

An approval of an amendment may affect the approved incentive amount.

6. PAYMENT OF THE INCENTIVE

6.1. the dti or its representative (including independent engineers or other experts) may visit the premises where the business project is conducted/executed/produced/recorded/edited and inspect such business project before it approves an application or claim. the dti may do this with or without prior notice.

6.2. Such inspection will be, among other things, to verify the information submitted with the application and/or claim and to inspect the premises, financial books, technology, documents, reports and any other information that may pertain to this incentive.

6.3. The beneficiary, or its successor in title (including the executor/trustee of a deceased/sequestrated/liquidated estate), must keep records (electronic or paper) of all documents relevant to the incentive for five years after it received the
last payment. This includes a copy of its application and all its claims; originals of documents submitted with the application and claims; copies of reports or other information provided to the dti and relating to the incentive.

6.4. The beneficiary must allow the dti reasonable access to the records mentioned in paragraph 6.3 above, during normal business hours, and must also provide the dti with any information required for the inspection. Should the beneficiary hinder the dti or its representative and/or refuse access to such records in any way so that the inspection cannot be effectively completed, the dti may summarily reject the application and/or claim.

6.5. The dti may verify the information contained in the application, claim and/or supporting documents by carrying out an independent investigation. To do such an investigation the dti may contact any person who the dti feels may be of assistance. If the beneficiary hinders the dti or its representative in any way so that the investigation cannot be effectively completed, the dti may summarily reject the application and/or claim.

6.6. Should the dti find that a price claimed by the beneficiary is not market related, the dti may, in its sole discretion, and despite the contents of the letter of approval, reduce the approved claim amount to reflect such market-related price, or may reject the full claim.

6.7. The dti shall only evaluate claim forms that are fully and correctly completed to the satisfaction of the dti (including that all the supporting documents required by the incentive guidelines be attached). Approval of a claim is in the dti’s sole discretion.

6.8. The dti shall make payment within 30 calendar days after an approval by the dti of the relevant claim in accordance with the requirements and conditions of the incentive scheme’s guidelines (which may include a physical inspection). The dti may delay payment for an indefinite period, provided that it shall inform the beneficiary of the reasons for such delay so as to ensure that no delay is for unjust administrative reasons.

6.9. Payment shall be made directly into the bank account of the beneficiary only. The beneficiary must notify the dti of the correct account details in writing when submitting its claim form. No interest shall be payable by the dti on any amounts due and payable. Payment is subject to availability of funds as approved by National Treasury and parliament on a yearly basis, and allocated to the dti in terms of the annual Division of Revenue Act.

Where a service provider is involved in terms of the incentive guidelines, the dti accepts no liability for non-performance, poor or failed execution of the activity/ies by a service provider or for damages or penalties incurred by the beneficiary for using the services of a service provider.

It is the duty of the beneficiary to inform the dti in writing should any of the instances below occur and the dti reserves its rights in the event of any of the instances occurring to reject a claim and /or refuse any further payment:

6.9.1. The business project stops manufacturing/production/operations for any reason. This includes provisional/final liquidation (or sequestration of the sole proprietor/partner/firm); becoming dormant; being destroyed. It is irrelevant whether this cessation is permanent or temporary (seasonal business projects must at least be operational during the relevant seasons);

6.9.2. the beneficiary enters into a compromise offer or arrangement with creditors, or where the beneficiary is placed under judicial management;

6.9.3. and where investment is a requirement, the business project reduces the qualifying investment without replacing it again with qualifying investment;

6.11. Any erroneous payment (including those resulting from a miscalculation, mistake or irregularity) will immediately be recoverable and may be deducted from any future payments that are, or will become, payable. The dti reserves the right to reverse, apportion or recall any payment or any part thereof at its sole discretion. The dti levies interest at the rate prescribed in terms of the Public Finance Management Act, 1999 (Act No. 1 of 1999) on any outstanding amounts payable as from 30 days of date of demand.

7. **MONITORING**

7.1. The beneficiary must use the incentive amounts received from the dti for the approved business project or activities that it described in its application form and an inspector may require evidence at any time after an amount has been received for verification of this requirement. In contravention of this rule, the amount will be recovered from the beneficiary and prescription cannot be pleaded.

7.2. The dti may ask the beneficiary to complete questionnaires and submit same within the requested period or to report to the dti on its business project/activities, as well as on the incentive received for the dti to monitor and evaluate compliance as well as the contribution that the incentive is making or has made to the South African economy. If the beneficiary does not comply with the request, the dti may, in addition to any other legal remedies that it may have, stop or reduce all further payments in its sole discretion and may refuse any other applications being evaluated at that stage or that may be submitted in future, from the beneficiary or any of its shareholders, directors or principal officers, whether presented directly or indirectly through another legal person for this or any other scheme.
